5 questions to ask before you pay the next invoice

PLECCO · plecco.net

Swipe →

1

What exactly is built and running today?

2

Can anyone besides the original author deploy it?

3

What breaks when you change one thing?

4

Who holds the code, the logins and the hosting?

5

What does “done” mean, in writing?

Can't answer three of five? Get a Rescue Triage.

- Senior engineer reviews your code
- Written risk list + go / no-go
- Fixed price. 3 business days.
